CORPORATE SERVICES INFORMATION REPORT–FINANCIAL SERVICES 2017-24

TO: Mayor Tony Van Bynen and Members of Council

SUBJECT: Development Charges

ORIGIN: Director, Financial Services/Treasurer

In accordance with the Procedure By-law, any Member of Council may make a request to the Town Clerk that this Information Report be placed on an upcoming Committee of the Whole agenda for discussion.

COMMENTS

In 2014, By-law 2014-42 was enacted for town-wide development charges, and By-law 2014-41 was enacted for area-specific development charges in Newmarket. A financial statement regarding development charges and related reserve funds is required every year under section 43 of the Development Charges Act, 1997.

The development charges collected in 2016 totaled \$2,824,676. An amount of \$252,747 was earned in interest on the Development Charge Reserve Funds. Funding of capital and general projects was 26% lower than the budgeted amount of \$16,269,157, with the remainder included in capital carryovers. All capital projects and expenditures funded by development charges were included in the Council-approved 2014 Development Charges Background Study.

Attached is the Statement of Development Charge Reserve Fund Transactions for the year 2016. The Statement will be posted on the Town's website for public information purposes. A copy of the Statement will be forwarded to the Minister of Municipal Affairs and Housing within 60 days after Council receives the Statement, as per section 43 of the Development Charges Act, 1997.

HUMAN RESOURCES CONSIDERATIONS

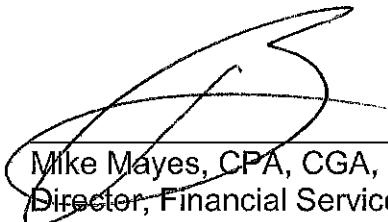

Not applicable to this report.

BUDGET IMPACT

The development charges are based on the anticipated growth-related capital programs over a 10-year period. As such, the development charges collected and interest earned in 2016 improve cash flow but do not directly benefit the capital budget. They will be applied in the future to projects that are included in the Council-approved growth-related capital program.

Development charges are levies against new developments. These charges aim to fund growth-related capital facilities and infrastructure. Development charges help protect existing taxpayers by having growth pay for growth.
