Appendix A

Minimum Criteria under the AGCO

The AGCO has recently amended Regulation 719 under the Liquor Licence Act to provide flexibility for liquor sales licensees (eg. licensed bars and restaurants). Restaurants and bars who wish to temporarily extend the physical size of their existing licensed patio or temporarily add a new licensed patio are authorized to do so, subject to the following criteria:

1. The physical extension of the premises is adjacent to the premises to which the licence to sell liquor applies;
2. The municipality in which the premises is situated has indicated it does not object to an extension;
3. The licensee is able to demonstrate sufficient control over the physical extension of the premises;
4. There is no condition on the liquor sales licence prohibiting a patio; and,
5. The capacity of any new patio, or extended patio space where the licensee has an existing licensed patio, does not exceed **1.11 square meters per person**.

All licensees are expected to first and foremost comply with physical distancing measures and any other public health guidelines or orders issued by the Ontario Government or by any other applicable levels of government. The AGCO recognizes that physical distancing requirements as set out in the **Government's Framework for Reopening our Province** will likely require licensees to operate at well below maximum capacity.

If your application meets the above criteria, you are **not required** to apply to AGCO for a temporary extension of your existing liquor licence or for a temporary new patio proposal. There are also no fees required to be paid to the AGCO.

If you do not meet the above criteria, you are required to follow the usual application process for a temporary extension of premises and apply through the AGCO website. This temporary exemption program, specifically offered through AGCO, is only valid until January 1, 2021. However, please note that the Town of Newmarket's Temporary Outdoor Patio Program expires on **October 30, 2020**.

I have read Appendix A and agree to the terms and conditions as outlined by the AGCO. I verify that I meet all necessary requirements imposed to be eligible to obtain a 2020 Temporary Outdoor Patio Program permit.

- A copy of your registered business name and additional information outlined must be provided in **PART 1** of this application package.

Site Plan of Proposed Temporary Outdoor Patio

Please submit drawings that show:

- Location and dimensions of the proposed temporary patio;
- Total area of the proposed patio in square metres;
- Seating diagram to meet provincial seating restrictions (1.11 square metres per person);
- Proposed barriers and fencing with a minimum height of 36 inches (91 cm) and their placements to mitigate public safety and traffic-related concerns;
- Location and dimensions of the building, including entrances/exits and washrooms;
- Location of adjacent businesses' or buildings' entrances/exits;
- Location and dimensions of any enclosures, umbrellas, tents, awnings, etc.
- Location of fire extinguishers;
- Location of York Region Transit stops close to the patio (if any);
- Location of curb cuts close to the patio; and

Insurance

You must hold and provide General Liability Insurance from an insurer licensed in the province of Ontario for \$2 million per occurrence with an aggregate limit of no less than \$5 million to the Corporation of the Town of Newmarket against any liability for property damage or personal injury, negligence including death which may arise from the applicants operations under this agreement. The Corporation of the Town of Newmarket must be included as an "Additional Named Insured". In addition the Commercial General Liability shall contain Cross Liability and Severability Clauses and Products & Completed Operations coverage including a standard contractual liability endorsement.

Fees

Council for the Town of Newmarket has waived all applicable fees associated to its current Outdoor Serving Patio Program. Such fees include your 2020 approved licensing fee, patio dimensional fees (where located on Town property), and any other fees imposed in relation to inspections or authorizations to construct a temporary patio.

The AGCO has also waived any fees or application processes relating to the temporary extension of existing licensed patios or existing licensee applications for a new temporary patio. For more information, please visit the AGCO website directly.

Design Requirements

- All patios must maintain the requirements of the Accessibility for Ontarians with Disabilities Act. These guidelines set out basic requirements of the AODA. It is the responsibility of each business to ensure their own compliance with the Act.
- A minimum passable sidewalk width of 1.5m must be maintained at all times to ensure accessibility for pedestrians. 1.8m minimum width is preferred.
- Patios are not permitted to reduce the width of the traffic lanes. A minimum width of 6m must be maintained at all times to ensure adequate width for emergency vehicles.
- The Town will accept a variation of barrier types to be used for safety mitigation. However, a minimum barrier height of 36 inches (91 cm) must be adhered to and all barriers must be sturdy, stable, and able to protect the safety of patrons while within the temporary patio.
- Exterior barriers must be affixed with high visibility reflective markers for nighttime visibility.
